8th May 2015

Nordhausen International Project Week 2015

Dear Ms Ochkovskaia,

We would like to express our sincere thanks for your active participation during our 17th International Project Week from 4th to 8th May 2015.

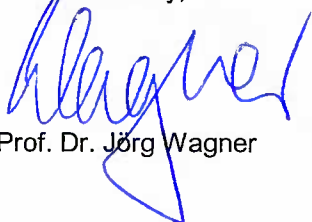

Your project entited "Place Branding: How to Transform a City into a Brand?" was highly appreciated by our students and has left a positive lasting impression with them. Your project also gave our students a highly beneficial insight into the topic on which you lectured and for this additional academic input we are most grateful to you.

The presentation on the final day in which the students showed the results of their week's activity has left no doubt in the minds of both students and lecturing staff as to the excellent quality of work, which you carried out.

I hope, that you enjoyed the International Project Week at our university, and that we will have the honour of welcoming you back again for our next years' project week.

Should you plan to return to Germany at any time before our next International Project Week, please remember that you will be made welcome here at any time, be it in the region of Thuringia or here in Nordhausen itself.

Yours sincerely,

Prof. Dr. Jörg Wagner
