

Dear Author,

Congratulations on publishing "Structural interpretation of DNA–protein hydroxyl-radical footprinting experiments with high resolution using HYDROID" in Nature Protocols. As part of the Springer Nature Content Sharing Initiative, you can now publicly share full-text access to a view-only version of your paper by using the following SharedIt link:

<https://rdcu.be/9Ckl>

Readers of your article via the shared link will also be able to use Enhanced PDF features such as annotation tools, one-click supplements, citation file exports and article metrics.

We encourage you to forward this link to your co-authors, as sharing your paper is a great way to improve the visibility of your work. [Click here](#) for more information on Springer Nature's commitment to content sharing and the SharedIt initiative.

Sincerely,
Nature Research Author Services

The [Springer Nature SharedIt Initiative](#) is powered by  readcube technology.
