Welcome Message

We are pleased to welcome you to Lisbon for the 14th International Conference on Vibration Engineering and Technology of Machinery (VETOMAC XIV) held at Instituto Superior Técnico of the University of Lisbon under the joint organization of IDMEC - Institute of Engineering Mechanics, Instituto Superior Técnico, University of Lisbon (IDMEC/IST/UL) and the Department of Civil Engineering, Faculdade de Ciências e Tecnologia, Universidade Nova de Lisboa (DEC/FCT/UNL).

The main objective of the conference is to bring together researchers and engineers devoting their work to vibration-related problems in different areas of engineering applications on a common platform.

We strongly believe that VETOMAC XIV will have a significant impact on the development of contemporary analytical, numerical and experimental methods in vibration problems, and will also create an opportunity for opening a forum for discussion and collaboration amongst the participants.

Lisbon is a beautiful city, we wish you to enjoy the event.

Yours Sincerely,

Nuno Maia and Zuzana Dimitrovová

Social Programme

Important: Please do not forget to bring your Tickets for Welcome drink and/or Banquet.

Welcome Drink: 10 September, 18h00-20h30

Welcome Drink will be held on 10 September in Museum Gardens of the city of Lisbon (Jardins do Museu de Lisboa – Palácio Pimenta) adjacent to the City Museum. Besides light refreshment, the participants may enjoy walking through the garden. This renovated garden area in Lisbon features larger than life size ceramic replicas of the animal kingdom inspired by Portuguese caricaturist and ceramist Rafael Bordallo Pinheiro. The 1200 works, including animals and other natural elements that decorate the branches, fountains and walls of Pimenta Palace, where Museu da Cidade is housed, were created at the Caldas da Rainha Factory and displayed by Portuguese fine artist Joana Vasconcelos. This renovation project by Lisboa City Council has a twofold purpose: the promotion of the Museu da Cidade, now more attractive than ever for visitors, and the work of Rafael Bordallo Pinheiro, awaiting discovery by the general public at this leisure and exhibit garden.

Information on Museu da Cidade:

The compelling Museu da Cidade tells the story of Lisbon's long history through prehistoric, Roman, Visigothic, Moorish, and medieval remains. It is located in the 18th century Pimenta Palace, built as a gift for King Joao V's mistress. Highlights include an enormous model of pre-earthquake Lisbon, maps and prints from before and after the quake, and tile panels of city scenes. Engravings of the Inquisition and of Catherine of Braganca departing from Lisbon to marry England's Charles II may also be a center of attraction. There is also a lovely courtyard with peacocks wandering around.

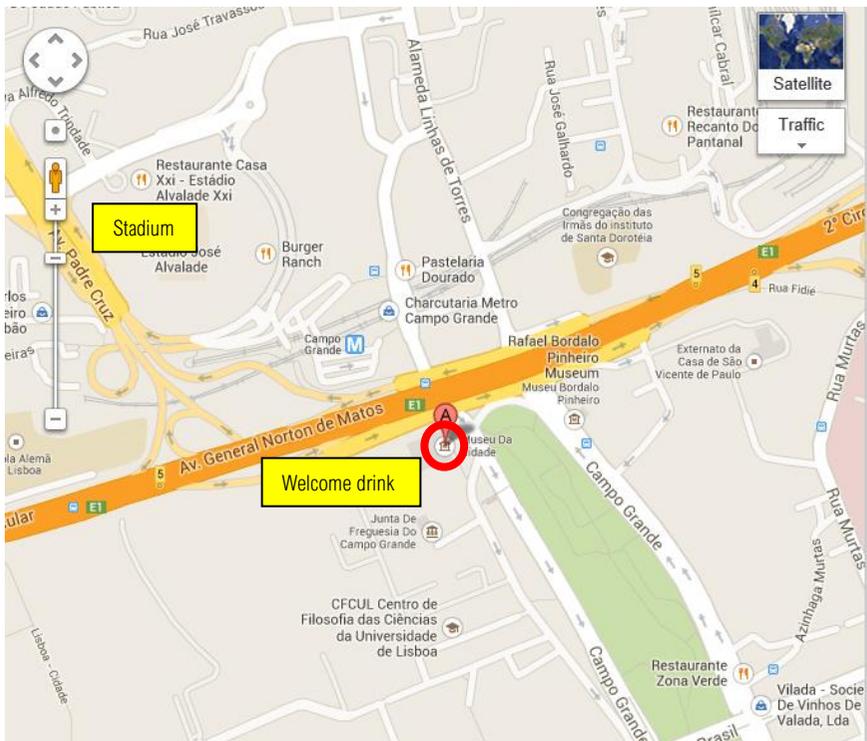

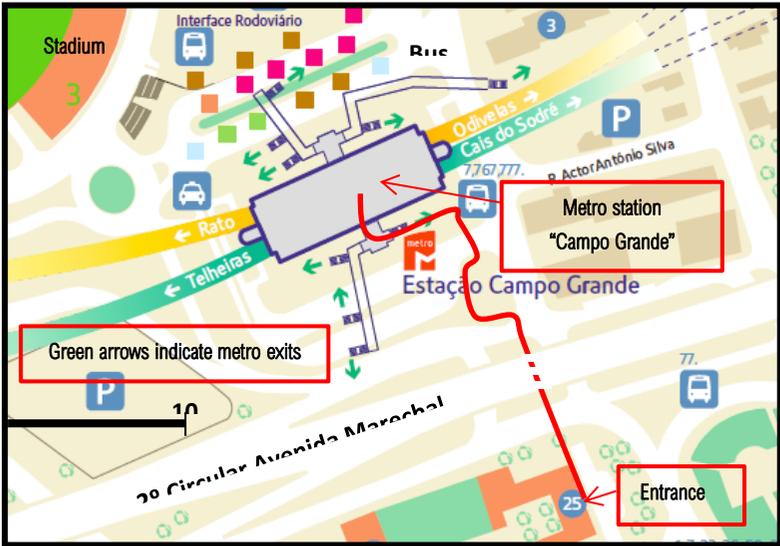

Transportation.

Use your ticket for more information.

It will take you 30 minutes to get there by metro. Exit the station Campo Grande in direction opposite to the Stadium. Cross the street (under the freeway) walk 300 m and find the Museu da Cidade just on your right side.

Conference Banquet: 12 September, 19h00-23h00

The Conference Banquet will be held on 12 September at

Casa do Alentejo

Rua das Portas de Santo Antão, 58

located in the city centre about 30m from the metro station “Restauradores”.

Transportation.

Use your ticket for more information.

By Metro (about 30 min from IST):

Exit at Restauradores Metro Station (blue line), Follow the exit "Praça dos Restauradores/Praça D. Pedro IV (Rossio)" and then "Praça dos Restauradores/Rua Jardim de Regedor".

Follow the street for less than 100m and find the Restaurant just in front of you.
