POSTERS

s03-036 Effect of Specific Cation Adsorption on CO2 Electroreduction in Ionic Liquids

s10-017 Electrodeposition of Rare Earth Metals and Their Alloys from a Dicyanamide Ionic Liquid

POSTER SESSIONS

s10 Electrochemical and electroless deposition: tailoring growth from monolayers and nanostructures to functional applications

Poster

s03-036 Effect of Specific Cation Adsorption on CO2 Electroreduction in Ionic Liquids
